Student's Seminar on **Metallurgical and Materials Engineering**

Behind the Teacher's Desk (BTTD-2024)

June 19 - 21, 2024

CSIR-National Metallurgical Laboratory, Jamshedpur

Organized by

The Indian Institute of Metals (IIM), Jamshedpur Chapter

in association with Tata Steel Limited (TSL), Jamshedpur CSIR-National Metallurgical Laboratory (NML), Jamshedpur National Institute of Technology (NIT), Jamshedpur Academy of Scientific and Innovative Research (AcSIR)

Important Dates

June 10, 2024 Last date for abstract submission: June 01, 2024

Acceptance confirmation: June 15, 2024 Online registration by: June 15, 2024

Background

India has a large pool of young talent that has fuelled its steady economic growth. The talent pool requires to be nurtured and augmented with new skills. The Government of India has also emphasized the need to impart requisite skills under the flagship programme of 'Skill India'. The field of materials and metallurgical engineering is projected to be of enormous importance for the progress and growth of the country. Young practitioners of this field, therefore, require to be imparted with better skill sets. In order to fulfil this objective, several leading institutions of the country, namely the Jamshedpur Chapter of the IIM, Tata Steel Limited, CSIR-National Metallurgical Laboratory, NIT Jamshedpur and AcSIR have been working together to nurture and mentor young metallurgists and inspire them to flourish into dedicated professionals. This annual Students' Seminar has been initiated to provide a common platform for promising and aspiring metallurgists to interact with the pool of experts from industries. R&D labs and academic institutes. The student participants of this event will get an opportunity to update their current knowledge base and share their academic achievements, innovative thoughts and new ideas in the area of metallurgy and materials technology.

About the seminar

Since its inception in 2011, the seminar "Behind the Teacher's Desk (BTTD)" has blossomed into one of the most sought-after events among the student fraternity of India. BTTD has been held annually at the CSIR-NML Jamshedpur and attracts more than 200 students from across the country. The event provides a launch pad for the students to showcase themselves and interact with scientists, eminent metallurgists, engineers and entrepreneurs to develop new skills in metallurgy and materials technology.

Who can participate?

- · UG and PG students working in the domain of materials and metallurgical engineering
- Scientists, faculty members, and industry professionals who would like to interact with students

Call for papers

Interested students should submit an abstract (300 words max) in MS word format and send it by email to **bttd.iimjsr@gmail.com**. The abstract template is available at https://bttd.nmlindia.org/, the BTTD 2024 website. Accepted abstracts will be placed for oral or e-poster presentations based on the theme and the number of abstracts selected presentation. The accepted abstracts will be confirmed via e-mail and over the website. The abstract should be classified under one of the following topics listed below:

- 1. Innovation in mineral processing and metal extraction
- 2. Innovations in iron & steel-making
- 3. Advances in alloy design, phase transformation, mechanical behaviour of materials and damage mechanisms
- 4. Materials modelling and simulation
- 5. Corrosion and surface engineering
- 6. Sustainable metallurgy and waste management

Submitted abstracts must clearly contain the abstract's title, authors' names and respective affiliations. Professors and mentors may be acknowledged, but their names may not be included as authors. Students are requested not to use slides and information from the web verbatim. Originality in abstracts/presentations will be a criterion for acceptance.

Registration fee (incl. GST)
